

MOTORCYCLIST KILLED IN ROAD CRASH

DRINKING OF COLLEGIANS IS THESIS TOPIC

Students of West Virginia School Say: One Half of Men Imbibe.

MORGANTOWN, W. Va., June 27.—That 60 per cent of the male student body of West Virginia University drink occasionally; 12 to 20 per cent drink habitually; about 20 per cent of the co-eds drink occasionally and 4 per cent drink habitually, are the disclosures which had been made here today as the result of a survey made by Homer R. Stiles, university graduate.

Stiles has just completed eight months of research work, he says, and won his Master of Arts degree at the college on the thesis from which the foregoing facts are quoted.

More than 600 persons in Morgantown, Stiles asserted, owe their daily livelihood directly or indirectly to violations of the prohibition law. Morgantown's population is more than 18,000.

FINES UNCOLLECTED
Stiles charged that \$36,000 in fines had been levied in justice and circuit courts, but that in two years less than \$3,000 was collected.

Stiles averred, however, that there is less drunkenness on the streets and in the university now than there was at any time in history, and expressed the belief that the people of Morgantown would unanimously endorse the prohibition law if it should again come up for a vote.

Discussing the faculty of the university, Stiles declared that 45 per cent of the members admitted drinking occasionally. One member of the university faculty refused to comment on the habits of his colleagues, said Stiles, but stated:

DRY LAW CONDEMNED
"If you want to know my personal experience, here it is. I enjoy a glass of beer and wine with my meals, but I never touch whiskey. I was never intoxicated in my life. I consider the eighth amendment a big joke and condemn it."

Stiles charged that the enforcement conditions in Morgantown were somewhat lax during the period of his survey.

He told of talking with a former enforcement officer, who, Stiles wrote, told him of a raid on an alleged bootlegging establishment, which resulted in the finding of the prosecuting attorney and a prominent lawyer "here with the 'legger'."

"There is no organized system of bootlegging in Morgantown—no great big fellows—just an army of 'small fry' who apparently ply their trade at will, according to information from citizens, officers, and the bootleggers themselves," said Stiles' survey.

"Publication of the thesis has caused a mild sensation here."

HOOVER STOPS DRY CAMPAIGN

Idea of Prohibition Propaganda in Schools Is Vetoed By President.

WASHINGTON, June 27.—If the prohibition higher-ups ever had any idea of attempting to have prohibition courses introduced in the public schools, that plan has been definitely vetoed at the White House, it was learned today.

President Hoover was not impressed with that form of educational activity and so expressed himself. The same view has been adopted by high officials of the treasury and prohibition Commissioner Dornan, who not only repudiated the school drive but decided not to permit the distribution of the educational pamphlets until he had time to peruse them thoroughly.

On whose authority the prohibition pamphlets were prepared has not been disclosed. It appeared certain, however, that their issuance came as a complete surprise to Secretary Mellon, Undersecretary of the Treasury Ogden L. Mills and Assistant Secretary Seymour Lowman, in charge of prohibition.

Announcement of the propaganda was made by a subordinate at the prohibition bureau while Commissioner Dornan was out of the city.

HONORS FOSTER MOTHER

Adolph S. Ochs, owner of the New York Times, and his cousin and foster mother, Mrs. Pauline Barkhouse of Chicago, whose eighty-fifth birthday he helped celebrate by visiting her at her home in Chicago. Mrs. Barkhouse acted as a mother to Mr. Ochs after his own mother died and while she herself was only a child.

Plane Safety in Landing and Taking Off is Sought by Aviation Experts

Great Wind Tunnel Being Erected To Attain Control in Low Speed.

WASHINGTON, June 27.—With the aid of the finest research equipment in the world, engineers of the National Advisory Committee for Aeronautics are concentrating on the airplane safety problem, with the hope of writing a new chapter in aviation development.

The biggest task facing the engineers is to secure greater control of planes at low speed when taking off and landing. Study of the dangerous spins, which cause many crashes will be emphasized in the immediate future.

Because the majority of plane crashes occur at the low landing or rising speed, the engineering effort to be undertaken in the unique laboratories at Langley Field, Va., are declared by experts to offer remarkable possibilities for the future of aviation.

GREAT WIND TUNNEL
The greatest wind tunnel in the world—nearly 200 feet wide where the wind enters and 75 feet wide at the throat where the airplane is tested—is to be constructed as a part of the program at Langley field. It will cost \$900,000. Full sized airplanes can be tested under controlled conditions in wind velocities up to 100 miles an hour.

"The foremost problem in aeronautical research is improvement in control of the airplane at low speeds, and in order that we may more effectively study that problem congress has authorized construction of the full-scale wind tunnel," said John F. Victory, secretary of the National Advisory Committee.

"More effective control at low speeds, in the air as well as in landing, means increased safety. An airplane can be landed at lower speed but the problem is to make this possible without sacrificing the much greater speed which the machine must attain in the air."

COWLING SUCCESS
The greatest accomplishment of the National Advisory Committee, he said, is the N. A. C. A. cowling for air-cooled engines. While the air-cooled engine proved itself in taking Col. Lindbergh, Commander Byrd and others across the Atlantic, its peculiar shape causes more wind resistance than the water-cooled type. The N. A. C. A. cowling reduces the wind resistance.

The principles of the auto-gyro

wing slots, effect of controlling air flow over wings and prevention of ice coatings in cold weather are among the problems being investigated by research engineers in their effort to make the airplane safer.

FIND BODY OF GIRL IN TANK

New Lexington Student Believed to Have Ended Life Over Love Affair.

NEW LEXINGTON, O., June 27.—The body of Miss Mary Elizabeth Ray, 17-year-old school girl, lies in a morgue here today, while authorities are probing her death which some reports say, was a suicide.

Her body was found in nine feet of water in a old water tank on the Fink farm, near here, late yesterday.

She had been missing from her uncle's farm, where she had been visiting, for more than 36 hours.

Coroner H. F. Hinchell said he believed the school girl had committed suicide.

Relatives are reticent over the affair and will not discuss it.

Neighbors declared, according to the coroner, that the girl had been despondent over a love affair.

TARGET CHAMPIONS ARE HONORED HERE
Robert Emmet and Frank Grubb of Yellowbud, and Marshall Spangler of Tarrion, respectively, were honored at the Circleville Gun club Thursday afternoon.

Mr. Emmet won the Doubles Championship for the State of Ohio. Mr. Grubb won the state championship for handicap and Mr. Spangler won the Junior Championship for the state at recent tournament at Vandalia. The local gun club presented each one with a beautiful silver cup with their names engraved upon them. These cups have been on display at Sensenbrenner's jewelry store for the past few days.

Mr. and Mrs. D. P. Hagerbaum spent Thursday in Columbus.

NUMEROUS AIR ACTIVITIES ON RECORD TODAY

Mammoth Aeronautical Mergers Made—Records Sought as Other Flyers Die.

(By International News Service)
Aviation activities throughout the world were many and sundry today, according to International News Service dispatches.

The largest aviation holding company in America was formed in New York today through the amalgamation of the Wright Aeronautical corporation, the Curtiss Aeroplane and Motor Co. and the Keystone Aircraft Co. The new organization, to be known as the Curtiss-Wright Corporation, has assets of more than \$70,000,000.

Captain Frank Hawks was winging his way somewhere over the United States after hopping off from Roosevelt Field, N. Y., on an attempt to fly to Los Angeles and return in 36 hours.

The Miami Maid, amphibian, which was forced down at Cape Charles, Va., on a non-stop flight to New York from Miami was preparing today to continue its hop to the metropolis.

TWO FLYERS KILLED
Francis Phillips, 21-year-old son of John M. Phillips, late sewer king of New York, and Henry Goldsmith, 21-year-old Freeport, L. I., parachute salesman, were burned to death when the De Havilland Moth plane in which they were riding crashed at Roosevelt Field, N. Y.

Martin Jensen, Dole flyer, his wife, Mrs. Marguerite Jensen, and William Ulbrich, were completing their first day in the air after taking off from Roosevelt Field, N. Y., last night in an attempt to capture the world record for an endurance refueling flight.

Col. Charles A. Lindbergh and his bride were in Indianapolis after flying from Columbus on their inspection tour of airports.

A small group was making the first complete trip from coast to coast over the 48 hour air-rail system of the Transcontinental Air Transport.

NO TRACE OF SPANISH
Dispatches from Madrid indicated no further clues had been found regarding the fate of the missing Spanish trans-Atlantic flyers.

Thorwald Johnson and Owen Haughland were still flying over Minneapolis International News reported on the third day of their bid for the refueling endurance record.

Roger Q. Williams and Lewis A. Yancey were at Portland, Maine, making preparations for another attempt to fly to Europe in their new plane, the Pathfinder.

The fifth attempt within three weeks of Captain Albin Ahrensberg and two companions to fly from Reykjavik to Iqviut, Greenland, on the third leg of a trans-Atlantic flight ended in failure today when the airmen returned to Reykjavik after 45 minutes in the air.

YOUTHS PAROLED
Orlin F. Hartley, 17, and Lowell Fannin, 16, who were arrested by Sheriff Frank Davis late Tuesday night, when they attempted to discard two storage batteries and radiator, which they had stolen from Rev. Sam Elsea, on the Columbus-pk. were arraigned and pleaded guilty to the charge before Juvenile Judge E. A. Brown Thursday morning. They were paroled by Judge Brown after promising to pay Rev. Elsea \$2 each for the damage they had inflicted.

OPERATION AHEAD
Miss Erma Watts, daughter of Mr. and Mrs. W. B. Watts of E. Mound-st., will undergo an operation for the removal of her adenoids and tonsils Monday, July 1, at Dr. C. G. Stewart's office. Dr. H. C. Allen will assist.

"LOVEY" RECOVERING
E. M. "Lovely" Montgomery, who has been seriously ill at his home on S. Scioto-st from influenza, is recovering and is now able to out-bathing suit.

These are some of the suggestions made by Couturers for those who wish to "put on the dog."

The lady who takes a bull dog along with her to tea will be considered badly dressed. Bull dogs will be reserved for tweeds.

The Couturier who has begun this canine mode parades her mannikins and dogs before the customer pointing out the new lines of the costume and the good points of the dog simultaneously.

Professional dog fanciers are looking with some discomfort on the innovation. One says he may do a little dressmaking on the side if the worst comes to the worst.

LUTHERANS CELEBRATE CATECHISM ANNIVERSARY

Scene in Soldier Field, Chicago, when 60,000 members of 200 Lutheran churches in Chicago and vicinity and visitors from Detroit, Milwaukee, Fort Wayne, Ind., and St. Louis, gathered to observe the 400th anniversary of publication of Martin Luther's catechism.

HEDGES ASKS FOR SIGNALS

Mayor Urges Auto Drivers To Indicate Turns As Aid To Other Motorists.

In an effort to cut down the rapidly mounting number of traffic accidents, Mayor B. T. Hedges Thursday urged that each motorist give hand signals when he wishes to make a turn as an aid to other drivers.

Mayor Hedges again stressed the importance of obeying the electric traffic signals and reiterated his order that one headlight automobiles must stay off the streets.

The appeal for Mayor Hedges for signals by motorists is as follows:

"Now that the number of motor vehicles increasing by the thousands, through carelessness or otherwise quite a few motorists are disregarding the practice of giving signals, which rule is one of the requirements of the state traffic code as well as of municipalities."

"It is hoped that there may be a real awakening on the part of drivers to get into the habit of making use of the proper signals and by so doing reduce not only the number of accidents, but also save many from more or less injuries."

"It is better that drivers give some kind of a signal whether right or wrong than to give none at all. Then it would be possible for those following you to know that some change in your course was about to be made. On the other hand any person of average intelligence can make use of signals that have been in common practice to indicate the direction."

OPERATION AHEAD

Miss Erma Watts, daughter of Mr. and Mrs. W. B. Watts of E. Mound-st., will undergo an operation for the removal of her adenoids and tonsils Monday, July 1, at Dr. C. G. Stewart's office. Dr. H. C. Allen will assist.

"LOVEY" RECOVERING

Professional dog fanciers are looking with some discomfort on the innovation. One says he may do a little dressmaking on the side if the worst comes to the worst.

Caligula, Former Emperor of Rome, Plays Stupendous Joke on Mussolini

Huge Sum Expended to Drain Lake to Recover Rotting Plans of Galleons.

LONDON, June 27.—"Mussolini has paid the highest price on record for a few rusty nails and pieces of moldy wood. Caligula, one-time emperor of Rome, has done Italy's dictator in the eye."

In these words, the Rome correspondent of the London Daily Express declares the Lake Nemi project, whereby a vast expanse of water was drained off in the hope of exposing two galleys of imperial Roman times laden with gold and jewels, has proved a fiasco.

Mussolini, the says, in the face of the impossibility of getting from world famous archeologists, was persuaded at the bottom of Lake Nemi the galleys of the famous Caligula lay, awaiting the man bold enough to bring them and their precious freight to the surface.

ONLY ROTTING BEAMS
Despite the expenditure of colossal sums of money and much human energy, all that is left of the galleys are a few rotting beams and planks, avers the correspondent. There is no treasure, no gold, no silver, no statues, no precious stones or bronzes, and the works of art of Greek and Rome are conspicuous by their absence.

Recalling the circumstances in which Il Duce decided to set in motion this tremendous treasure hunt, the correspondent writes:

"Throughout the centuries attempts have been made to raise the galleons. They all ended in failure. Then came Mussolini."

"He decided the lake would have to be drained."

"The Italian newspapers, enthused by their dictator's genius, published the following message: 'By order of Mussolini, the golden galleons of Caligula will be retrieved. Since ordinary salvage methods have proved useless, we shall try new methods. Fascist methods. We shall not endeavor to lift the ships up from the lake, but we shall dry the lake itself.'"

JOKE N MUSSOLINI
"The work was colossal, worthy of Nero or Caligula in the extravagance of its conception. Fortunes were spent in perfecting the engineering methods adopted, and gradually the lake receded."

"After many months the galleys could be seen. A flag was fastened to the beams, and the news was flashed throughout the world. The galleons had come to life."

"Disillusionment followed when the first galleon, Caligula's, was found. The world, appreciative of a good joke, laughed. Caligula had played the most stupendous joke in history, and he has played it up on the world's biggest man."

TRIP TO TEXAS IS DESCRIBED

The Rotary meeting held at the Borgs hotel Thursday noon was well attended and the members enjoyed the report of the Dallas convention as told by the newly elected president, Meeker Terwilliger.

The attendance at the Dallas convention was the second largest in attendance in Rotary history having 9526 registered delegates, which included 400 from 29 foreign countries. At the present time Rotary has a membership of 144,000 in 51 countries of the world. At the Dallas convention there were 128 representatives from Canada and 117 from Mexico.

President-elect Terwilliger was greatly impressed with the convention program at Dallas. Aside from the wonderful reception accorded by the citizens of Dallas and he other entertainments planned for the week of the convention, the business meetings held during the week were worth much to those who attended. Next year the convention will be held at Chicago, he city in which Rotary originated.

After the report of the convention, Clark Will installed the newly elected officers who are Meeker Terwilliger, president; George Foreman, vice-president; Stanley Lewis and Charles May, directors; Harry Yoakum, secretary; Ed Daley, assistant secretary and John A. Ryan, treasurer. The meeting for July 4, was called off and the next meeting will be held on July 11.

KILLED BY TRAIN

MARTINS FERRY, O., June 27.—Joseph Mutusek, 49, of Crescent died in a hospital here today from injuries received when his truck was struck by a Baltimore and Ohio passenger train at Crescent last night.

Mrs. Mark Haswell will visit friends in Ironton Friday.

FIVE PERSONS RECEIVE CUTS IN COLLISION

Virginian Meets Instant Death In Early Morning Mishap On Jackson Road.

A man was killed and five persons were injured, one seriously, in four automobile accidents in and near Pickaway-co Wednesday and Wednesday night.

The dead man is believed to be William Jackson, 32, of Rustburg, Va., who was fatally killed at 12:30 a. m. Thursday when his motorcycle collided with a Buick sedan on the Jackson road north of the Commercial Park.

The accident occurred on the Jackson road north of the Commercial Park. The Buick sedan was driven by John L. Meyer, 32, of Detroit, Mich.

Meyer told Dr. C. E. Hoot, county coroner, he did not know what was approaching until crash.

HEAD IS CRUSHED
The motorcycle struck the fenders and running board of the Buick sedan. The force of the impact threw the motorcycle 30 feet away. His head was crushed in the impact with the car and he was dead when he reached home.

Meyer was accompanied by brother, S. C. Meyer, 23, of Detroit, Mich., and his wife. They were returning from a trip to a hotel at Dayton, Ohio.

County authorities will investigate the accident. Meyer is being held in the county jail on a charge of manslaughter. The body of the dead man will be taken to his home in Rustburg, Va., for burial.

A bill for the motorcycle cycle, found in the car pocket, gave a clue to the city. Coroner Hoot said he hoped to obtain a clue to the man who owned the cycle.

ARM NEARLY SEVERED
Mrs. W. W. Hughes, 48, of Sheridan-ave, Boxley, was severely injured at 4:30 p. m. Wednesday when the auto in which she was riding crashed into a fence on the Jackson road north of Fox office. The accident occurred when her husband lost control of the car in attempting to pass a truck.

The left arm of Mrs. Hughes was nearly severed below the elbow. John Morrison, an engineer of Waverly, brought her to the office of Dr. Lloyd Johnson, who received first aid, after which she was taken to Greyhound Columbus, in the Mader and ambulance. Her arm was amputated. (Turn to page 5 for details.)

PARENTS GET YOUNG SLAYED

Six-year-old Kentucky Boy Who Killed Playmate, Escapes Prison.

FRANKFORT, Ky., June 27.—Six-year-old Carl Newton Mahan, who was sentenced to remain in the state industrial school until he was 21 for the slaying of a playmate, will not serve that term, but will be given into the custody of his parents, according to a decision which had been handed down by the attorney general's office here today.

Mahan recently stood trial at Paintsville for killing Cecil Van Hoose, 8, with a charge from a shotgun. He was convicted and sentenced to remain in the industrial school until he was 21.

Nationwide comment was heard following the procedure.

Attorney for the boy obtained a writ of prohibition from Circuit Judge J. E. Bailey which will protect the boy from imprisonment.

William Cammack, attorney general, after hearing the case presented by Paintsville prosecuting officials, decided to take action in it which leaves the boy in the custody of his parents, protected from the state offense by the writ of prohibition.

MOTORCYCLIST KILLED IN ROAD CRASH

DRINKING OF COLLEGIANS IS THESIS TOPIC

Graduate of West Virginia School Says: One Half of Men Imbibe.

MORGANTOWN, W. Va., June 27.—That 60 per cent of the male student body of West Virginia University drink occasionally; 12 to 20 per cent drink habitually; about 20 per cent of the co-eds drink occasionally and 4.1 per cent drink habitually, are the disclosures which had been made here today as the result of a survey made by Homer R. Stiles, university graduate.

Stiles has just completed eight months of research work, he says, and won his Master of Arts degree at the college on the thesis from which the foregoing facts are quoted.

More than 600 persons in Morgantown, Stiles asserted, owe their daily livelihood directly or indirectly to violations of the prohibition law. Morgantown's population is more than 13,000.

FINES UNCOLLECTED
Stiles charged that \$36,000 in fines had been levied in justice and circuit courts, but that in two years less than \$3,000 was collected.

Stiles averred, however, that there is less drunkenness on the streets and in the university now than there was at any time in history, and expressed the belief that the people of Morgantown would unanimously endorse the prohibition law if it should again come up for a vote.

Discussing the faculty of the university, Stiles declared that 48 per cent of the members admitted drinking occasionally. One member of the university faculty refused to comment on the habits of his colleagues, said Stiles, but stated:

DRY LAW CONDEMNED
"If you want to know my personal experience, here it is: I enjoy a glass of beer and wine with my meals, but I never touch whiskey. I was never intoxicated in my life. I consider the eighteenth amendment a big joke and condemn it."

Stiles charged that the enforcement conditions in Morgantown were somewhat lax during the period of his survey.

He told of talking with a former enforcement officer, who, Stiles wrote, told him of a raid on an alleged bootlegging establishment, which resulted in the finding of the prosecuting attorney and a prominent lawyer there with the "legger."

"There is no organized system of bootlegging in Morgantown—no great big fellows—just an army of small fry who apparently ply their trade, at will, according to information from citizens, officers, and the bootleggers themselves," said Stiles' survey.

Publication of the thesis has caused a mild sensation here.

HOOVER STOPS DRY CAMPAIGN

Idea of Prohibition Propaganda in Schools Is Vetoed By President.

WASHINGTON, June 27.—If the prohibition higher-ups ever had any idea of attempting to have prohibition courses introduced in the public schools, that plan has been definitely vetoed at the White House, it was learned today.

President Hoover was not impressed with that form of educational activity and so expressed himself. The same view has been adopted by high officials of the treasury and prohibition commissioner Doran, who not only repudiated the school drive but decided not to permit the distribution of the educational pamphlets until he had time to peruse them thoroughly.

On whose authority the prohibition pamphlets were prepared has not been disclosed. It appeared certain, however, that their issuance came as a complete surprise to Secretary Mellon, Undersecretary of the Treasury Ogden L. Mills and Assistant Secretary Seymour Lowman, in charge of prohibition.

MRS. YOUNG DIES TUESDAY

Native of Washington-Twp., Succumbs at Daughter's Home in Stoutsville.

Mrs. Elizabeth S. Young, 76, of Youngstown, a native of Washington-Twp., died at 8:45 p. m. Tuesday at the home of her daughter, Mrs. Dora Betz in Stoutsville. Her death occurred after an illness of nine weeks.

Mrs. Young was born on Feb. 25, 1853, the daughter of Reuben and Cristella Dunkle Shellhamer. On Dec. 25, 1879 she was married to Isaac M. Young at Stoutsville.

She is survived by her husband and five children. The children are: Mrs. Bertha Bock and Milton Young, of Bremen, Ind., Delton and Clinton Young, Circleville, Mrs. Betz, Stoutsville. Two sisters, Mrs. Amanda Neff and Mrs. Lydia Courtright, Circleville, and a brother, Jacob Shellhamer, of Hampshire, Texas, also survive.

Funeral services in charge of Eugene Crites, will be conducted at 10 a. m. Friday at the Lutheran church in Stoutsville, Rev. J. M. Weinrich officiating. Burial will be in Maple Hill cemetery.

Caligula, Former Emperor of Rome, Plays Stupendous Joke on Mussolini

Huge Sum Expended to Drain Lake to Recover Rotting Plans of Galleons.

LONDON, June 27.—"Mussolini has paid the highest price on record for a few rusty nails and pieces of moldy wood. Caligula, one-time emperor of Rome, has done Italy's dictator in the eye."

In these words, the Rome correspondent of the London Daily Express declares the Lake Nemi project, whereby a vast expanse of water was drained off in the hope of exposing two galleys of imperial Roman times laden with gold and jewels, has proved a fiasco.

Mussolini, he says, in the face of bitter opposition and advice from world famous archeologists, was persuaded at the bottom of Lake Nemi the galleys of the famous Caligula lay, awaiting the man bold enough to bring them and their precious freight to the surface.

ONLY ROTTING BEAMS
Despite the expenditure of colossal sums of money and much human energy, all that is left of the galleys are a few rotting beams and planks, avers the correspondent. There is no treasure, no gold or silver, no statues, no precious stones or bronzes, and the works of art of Greek and Rome are conspicuous by their absence.

Recalling the circumstances in which Il Duce decided to set in motion this tremendous treasure hunt, the correspondent writes: "Throughout the centuries attempts have been made to raise the galleons. They all ended in failure. Then came Mussolini."

"He decided the lake would have to be drained."

"The Italian newspapers, enthused by their dictator's genius, published the following message: 'By order of Mussolini, the golden galleons of Caligula will be retrieved. JOKE N MUSSOLINI
"The work was colossal, worthy of Nero or Caligula in the extravagance of its conception. Fortunes were spent in perfecting the engineering methods adopted, and gradually the lake receded."

"After many months the galleys could be seen. A flag was fastened to the beams, and the news was flashed throughout the world. The galleons had come to life."

"Disillusionment followed fast upon the first triumph, however."

"The world, appreciative of a good joke, will laugh. Caligula has played the most stupendous joke in history, and he has played it upon the world's biggest man."

TRIP TO TEXAS IS DESCRIBED

Meeker Terwilliger Tells of Attending Rotary Convention At Dallas.

The Rotary meeting held at the Borgs hotel Thursday noon was well attended and the members enjoyed the report of the Dallas convention as told by the newly elected president, Meeker Terwilliger.

The attendance at the Dallas convention was the second largest in attendance in Rotary history having 9526 registered delegates, which included 400 from 29 foreign countries. At the present time Rotary has a membership of 144,000 in 51 countries of the world. At the Dallas convention there were 128 representatives from Canada and 117 from Mexico.

President-elect Terwilliger was greatly impressed with the convention program at Dallas. Aside from the wonderful reception accorded by the citizens of Dallas and the other entertainments planned for the week of the convention, the business meetings held during the week were worth much to those who attended. Next year the convention will be held at Chicago, the city in which Rotary originated.

After the report of the convention, Clark Will installed the newly elected officers who are Meeker Terwilliger, president; George Foreman, vice-president; Stanley Lewis and Charles May, directors; Harry Yoakum, secretary; Ed. Daley, assistant secretary and John A. Ryan, treasurer. The meeting for July 4, was called off and the next meeting will be held on July 11.

KILLED BY TRAIN

MARTINS FERRY, O., June 27.—Joseph Mutusek, 49, of Crescent died in a hospital here today from injuries received when his truck was struck by a Baltimore and Ohio passenger train at Crescent last night.

Mrs. Mark Haswell will visit friends in Ironton Friday.

FIVE PERSONS RECEIVE CUTS IN COLLISIONS

Virginian Meets Instant Death In Early Morning Mishap On Jackson Road.

A man was killed and five persons were injured, one seriously, in four automobile accidents in and near Pickaway-co Wednesday and Wednesday night.

The dead man is believed to be William Jackson, 32, colored, of Rustburg, Va., who was instantly killed at 12:30 a. m. Thursday when his motorcycle collided with a Cadillac sedan on the Jackson-rd a mile north of its intersection with the Commercial Point-rd.

The accident occurred when the motorcycle, said to have been traveling north on the left side of the road, sideswiped the south-bound Cadillac which was driven by John L. Meyers, 99 Parsons-st., Detroit, Mich. The motorcycle had only a dim light showing and Meyers told Dr. C. E. Bowers, county coroner, he did not know what was approaching until the crash.

HEAD IS CRUSHED
The motorcyclist stripped off the fenders and running board on the left side of the Cadillac before the force of the impact threw his body 30 feet away. His head had been crushed in the impact with the auto and he was dead when Meyers reached him.

Meyers was accompanied by his brother, S. C. Meyers, 128 N. Watt st., Chillicothe, and the latter's wife. They were returning to Chillicothe after taking the other Mrs. Meyers to a train at Columbus.

County authorities were notified of the accident by Meyers, telephoning from the Ira Hinton farm residence and Coroner Bowers, accompanied by Deputy Sheriffs John Ward Jr., and Miller Fissell went to the scene of the tragedy.

Coroner Bowers returned a verdict of accidental death and ordered the body taken to the M. S. Rinehart funeral home.

A bill for the wrecked motorcycle, found in the dead man's pocket, gave a clue to his identity. Coroner Bowers went to Columbus Thursday for information concerning the dead man, which he hoped to obtain at an address found in a notebook.

ARM NEARLY SEVERED

Mrs. W. W. Hughes, 45, of 776 Sheridan-ave, Bexley, was severely injured at 4:30 p. m. Wednesday when the auto in which she was riding crashed into a fence on the Jackson-rd north of Fox post-office. The accident occurred when her husband lost control of the car in attempting to pass a truck.

The left arm of Mrs. Hughes was nearly severed below the elbow. John McMillen, an undertaker of Waverly, brought her to the office of Dr. Lloyd Jones, where she received first aid, after which she was taken to Grant hospital, Columbus, in the Mader and Ebert ambulance. Her left forearm was (Turn to page seven, please)

PARENTS GET YOUNG SLAYER

Six-year-old Kentucky Boy, Who Killed Playmate, Escapes Prison.

FRANKFORT, Ky., June 27.—Six-year-old Carl Newton Mahan, who was sentenced to remain in the state industrial school until he was 21 for the slaying of a playmate, will not serve that term, but will be given into the custody of his parents, according to a decision which had been handed down by the attorney general's office here today.

Mahan recently stood trial at Paintsville for killing Cecil Van Hooge, 8, with a charge from a shotgun. He was convicted and sentenced to remain in the industrial school until he was 21.

Nationwide comment was heard following the procedure.

Attorney J. E. Bailey, who will protect the boy from imprisonment.

William Cammack, attorney general, after hearing the case as presented by Paintsville prosecuting officials, decided to take no action in it, which leaves the boy in the custody of his parents, protected from the state school by the writ of prohibition.

Doctor at 83 Found People Preferred His Prescription

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1875, nor since he placed on the market the laxative prescription he had used in his practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

Then, the treatment of constipation, biliousness, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, which is a combination of herbs and other mild laxative herbs, with pepsin.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for human beings to put into the system. If grown people want to use them, no one can deny them the privilege, but they should never be given to children.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs? All drug stores have the genuine bottles.

Dr. B. Caldwell, M.D.
AT AGE 83

Many is the family today that makes it a rule always to have a bottle of this perfect preparation in the house. Keep it handy and observe these three simple rules of health: keep the head cool, the feet warm, and the bowels open.

Why not try Dr. Caldwell's Syrup Pepsin today?

Pennsylvania Strikes Latest Blow For Freedom of Screen; News Reels Taken Away From Keystone Censors

Pennsylvania struck a blow at the principle of censorship when both houses of its legislature passed, without a dissenting vote, a bill repealing the censorship of news reels. Pennsylvania had been one of the seven states in the Union which gave to a politically appointed board the power to pass on all motion pictures before they could be shown. No state has passed such a law since 1922, when the people of Massachusetts, the only state which has settled the question by popular vote, repealed censorship by a count of more than two to one.

"There is implied in the old law," Governor John S. Fisher said, in signing the bill, "the view that those in charge of the industry will not properly censor themselves in displaying exhibits. I have seen a great improvement in the moral tone of the movie industry."

"In those early stages we can all remember when there were exhibitions that were obscene and immoral. As the industry has developed and fallen into the hands of more responsible people it has corrected itself and today it stands, in my opinion, on as high a plane as the

Governor John S. Fisher

great newspapers of the country, and I think may be safely entrusted to censor its own news. Even without censor-

ship, the courts have power to see that the law is observed and that those who are guilty of improper exhibitions will be punished by existing law.

"Experience has demonstrated the uselessness of censorship over news reels. I have never known or heard of an exhibition in violation of the law given under what is known as the news reel. The movie industry itself, if it were ever open to criticism in this respect, has cleansed itself."

Carl E. Milliken, former governor of Maine and now secretary of the Motion Picture Producers and Distributors of America, said:

"Motion pictures constitute a great medium of expression and should, like the press itself, be answerable only to the public, and if they err, then like the press they should be answerable to the courts and only after utterance."

"The industry, through the Open Door policy established by Mr. Will H. Hays in 1922, receives the advice and counsel of forty-six national civil and social groups. The screen steadily improves, and censorship is no help to us or to the public in the effort for better films."

SOCIETY

LOCAL DANCER

IN TOE NUMBER

Members of the local Masonic lodge and of the Eastern Star witnessed a toe solo dance Tuesday evening presented by Marvane Wallace, daughter of Mr. and Mrs. W. E. Wallace of W. Main-st. Marvane appeared on the program during the social hour, in an advanced toe number, with Mrs. Noah Weaver playing her piano accompaniment.

Marvane's costume was of white baronet satin, piped in blue and with large painted blue flowers on the skirt, made in a circular flare, which whirled gracefully as the dancer executed the difficult steps. Although the audience clapped and cheered, the young artist said the dance was enough for her first appearance in her home town as a soloist. She is a student of Miss Stella Becker of Columbus.

Marvane's grace with her arms, was as beautiful and almost as difficult to master as the toe dance itself. Few dancers acquire this art as such an early age.

IN RECITAL

AT LANCASTER

Miss Marcellite Dresbach, one of

Circleville's talented pianists, appeared in a recital last Friday evening at St. Peter's Lutheran church of Lancaster, O., which was largely attended. At the conclusion of her major number, Concerto in G minor, by Mendelssohn, the applause alone was enough to insure the young artist her success in mastering such compositions which she did with her technique of clear tones and brilliancy. The success of her recital is attributed highly to her teacher, Miss Bessie Emily Tarr of Lancaster.

BIRTHDAY DINNER

FOR MR. KERNS

Mrs. V. D. Kerns of 1305 Courtland-ave Columbus, very delightfully entertained on last Sunday, June 23, with a 12 o'clock dinner, honoring her husband's birthday anniversary.

The dining room was attractive in its decorations of pink and white, and a large birthday cake laden with 25 pink candles, served a very important part as centerpiece for the table, where covers were laid for the following guests: Mr. and Mrs. Newton Kerns and daughter, Miss Dorothy Kerns, Mr. and Mrs. Renick Valentine, Mr. and Mrs. Nelson Arledge

SOHIO ENGINEERS solve summer fuel problem...

SOHIO is specially refined to meet summer driving conditions

EXTRA volatility for quick starting featured Sohio Ethyl gasoline last winter. Now Sohio is refined to meet the distinctly different needs of warm weather driving.

In summer, modern high-compression motors and motors caked with carbon knock more, labor harder on hills. There is a constant danger of overheating. Knocking motors lose power, cause excessive vibration and subject the engine to needless wear and tear.

Summer Sohio Ethyl gasoline eliminates knocking, and puts new snap into lazy, sluggish motors. With Summer Sohio Ethyl in your tank, you can drive as far and as fast as you like—no matter how hot the sun—and always enjoy smooth, even, dependable power.

If you're touring the state and run short of Sohio, don't worry—there's always another Sohio pump nearby. More than 700 Red-White-and-Blue Standard service stations and thousands of dealers throughout Ohio will fill your tank with Sohio. Endless caution of a large, efficient organization keeps Sohio quality uniform—wherever you buy it.

When you fill up with Sohio today, you'll find your motor running cool and quiet. That's because Sohio does these things:

1. Prevents pre-ignition
2. Stops carbon knocking
3. Gives smooth, even power
4. Makes frequent gear shifting unnecessary

RED CROWN changed, too

Following our established custom, Red Crown is also refined to special warm-weather standards.

GOLF TOURNEY JULY FOURTH

8 Hole Medal Play Handicap For Cryder Memorial Mashie Arranged.

The Pickaway Country club grounds are being carefully groomed for the Fourth of July golf tournament that will be played there during the day. The Sennett Cryder Memorial Mashie will be the trophy played for and the play will start at 8.00 a. m.

The match will be 18 hole medal play handicap, and is open to all members of the club. The winner will have his name engraved on the trophy which hangs in the club house.

Members who have not completed at least two rounds of 18 holes are asked to do so at once so that the committee may rate everyone for a handicap.

In addition to the tournament for the men, there will be picnics held on the grounds.

General Electric refrigerators are sold in Circleville by Mason Bros. and you'll know why they are used by more people when you read their ad on Page 8 of this issue.

THEATRES

MYSTERY THRILLER

Good cinema mystery thrillers are rare, and when they are good they are about as fine entertainment as the screen can offer.

That is why no one with a leaning toward eerie entertainments should miss "The House of Horror," First National attraction at the Cliftona theatre.

The picture has more than mystery thrills to offer, however, for it is also a lively comedy, thanks to the efforts of Louise Fazenda and Chester Conklin, the famous funsters at the head of the cast. Love passages of a novel sort are also present, with handsome young James Ford, a leading man never but promising, and Thelma Todd, a blonde purveyor of pulchritude who holds the eye and the imagination, in the lovers' roles.

William V. Mong, William Orlamond, Emile Chautard, Dale Fuller, Tenen Holtz and other well-known character artists in grotesque makeups, terrorize the lovers and the comedy leads and weave the sinister part of the mystery plot.

ROMANCE OF THE SEA

Victor McLaglen and Louise Brooks will be starred at the Grand theatre tonight in "A Girl in Every Port," the glamorous adventures of a roving Lothario who fought and loved his way through the ports of the seven seas. An educational talking comedy and Fox News are also on the program.

WOMEN DIE IN FIRE

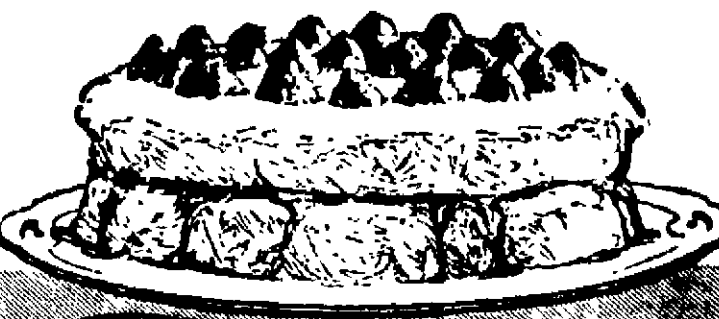

BERLIN, June 27—Eight women workers were burned to death and 15 were severely injured in an explosion and fire in a rubber factory at Pressburg, Czechoslovakia, today.

Henpecked Man Calls for World's Sympathy

I often think of the last czar of Russia. He was the ruler of a great country, with royal blood in his veins, and the owner of possibly the world's greatest collection of crowns, jewels, vestments and the like. His subjects pretended to love him, and reverently called him the Little Father. At a frozen point, great hordes of men sprang to arms. Yet one night some men took him into a dirty cellar and beat him to death together with his wife and children. I didn't know it for years, but I was always better off than the czar. His main trouble was that he was henpecked. So far as I am able to make out, from the records, his wife was one of those good women who, without the slightest evidence, believe in signs, omens, dreams, and the truth sticking. The rule is to laugh at a henpecked man. We should, instead, go to his rescue. I know henpecked men who are being as cruelly wronged as a man seized by bandits.—E. W. Howe's Monthly.

True Optimism

Another good recipe for happiness for the average family is to think that a pot roast is every bit as good as a tenderloin one, if not better.—Ohio State Journal.

NO WORRY NO HURRY NO WASTE

Because—you are sure of results.

Because—you can mix up a batch of dough and let it stand for hours without injury.

"HURRICANE HORSEMAN"

A new fast moving drama of the open spaces will come to the Met theater today and tomorrow when Wally Wales (The Cowboy Prince) is shown in his latest feature "The Hurricane Horseman."

The title implies a picture of fast riding and to the very last bit that is what it is.

The hero rides into town to find that his brother was discovered bending over the body of the cashier of the local bank who had been murdered while defending the bank against robbery. Jim's brother is accused and flees. Wally rides after him and turns him over to the sheriff who will prevent any action being taken before Wally has a chance to prove his brother's innocence.

Wally then takes a job at a ranch in order to keep his eye on someone whose actions under certain circumstances have been peculiar.

The ending needs to be seen and the picture certainly ought to provide an exciting evening's entertainment.

Spanish Origin

The name "Savannah" is derived from the Spanish word "savanah" meaning a large open space.

BIBLE THOUGHT

PREPARATION FOR WORKSHIP—If thou bring thy gift to the altar, and there rememberest that thy brother hath ought against thee; Leave there thy gift before the altar, and go thy way; first be reconciled to thy brother, and then come and offer thy gift. —Matthew 5:23, 24.

PRAYER—"O voice of Duty, to me still, Speak forth: I hear with awe; In Thee I own the sovereign will, Obey the sovereign law!"

JULY FOURTH

When Thomas Jefferson wrote his epitaph one of the few achievements he wished noted was that he was the writer of the Declaration of Independence. This was a momentous document, packed with destiny. It was no statement of unbalanced radicalism, starting as it was. It was the calm decision of a group of men who had reached the conclusion that old ties must be broken.

It is interesting to speculate what might have happened had not the colonists declared their independence, and union with the mother country had continued. But events have proved the wisdom of the event, and that those brave men who felt that the time had come to establish a new government and venture on uncharted seas had a true vision.

Freedom is costly. Sometimes the world is used carelessly and suggests a certain irresponsibility. But the freedom of the patriots of those days was a thing of laborious days and nights, of warfare with a power many times their superior in numbers and experience. We know well the sufferings of Valley Forge, we know the problems that confronted an unformed government but slightly held together. We read of the countless problems that were to be met by a nation who had to make its own precedents, try out new ways and balance the interests of the separate states, while at the same time establishing a union that would be sound and able to take its place among the nations of the earth.

This was the freedom of maturity, the right to assume responsibility and give over reliance upon an older and staler form of government. It required strenuous thinking. The story of our country may well have a thrilling interest for us and provide materials of which great epics are made.

A NEW ICE AGE?

In case you haven't anything else to worry about, you can give a thought to some recent remarks by Donald MacMillan, arctic explorer, who suggests that the northern hemisphere may be right on the edge of a new ice age.

The ice ages of the past have sent solid sheets of ice down from the polar regions to blanket the land nearly as far south as the Ohio river. A repetition of this, obviously, would upset our national life considerably.

MacMillan says the Eskimos in the northland have told him that huge glaciers now cover valleys where, a few years ago, there were trees and flowers. Measurements, he says, have shown that some glaciers are moving south at a speed of 50 feet a year—express train speed for a glacier.

We are entitled to hope that this is all a false alarm. But—well, if you haven't anything else to worry about, you ought to be able to get something out of this.

Means "Get Busy"

The origin of the expression "getting down to brass tacks" is unknown. It was originally simply "getting down to tasks." It means to get down to business, or to get down to fundamentals.

Must Watch His Weight

A weasel, since much of his time is spent in traversing tunnels of rats and mice, to the terror of all the inmates, must never grow fat, says Nature Magazine. His welfare depends on a long, slender body.

Many Articles of Wood

Wood is used in more than 5,000 articles in use today, either in its natural state or altered chemically, according to a writer in the Farm Journal. And, what is more surprising, he estimates that two-thirds of the population of America still use wood exclusively for fuel.

A PERILOUS POSITION

Daphne by HAZEL LIVINGSTON

CHAPTER 43.

HE laid his head in her lap and groaned. "You don't know what you're saying. He was my friend. The best friend I ever had, Crystal."

"Yes, he sounds like a friend. I must say. Stealing from you! Twenty thousand cash, and a lot of bonds, or whatever it was—"

"You don't understand, Crystal. I never would have given him up. I didn't mean to. Greely forced me. If I had not thrown myself on Greely's mercy the whole thing would have gone to smash. . . . He took a dirty advantage. Crystal. . . . the hound! He. . . . he had some facts. . . . I had to give Allan up, or. . . . take the blame myself. . . . one, or the other. He forced me. . . . damn him!"

His shoulders were shaking. Queer choking noises. . . . was the silly thing crying? Crystal's hand patted the bowed head in her lap, but her nose wrinkled in disgust. A man. . . . carrying on like that? A little wrinkle of concentration gathered between her straight, pencilled brows. Had she been wasting her time?

"You're all worn out," she crooned. "A trip to Europe, like you were talking about the other night."

"Great Heavens, Crystal. I can't go now."

"You mean. . . . that you can't afford it now, dear?"

He never knew what hung on his answer. He just said quickly, from the depths of his despair. "Oh, it isn't the money. Six months from now I'll have forgotten that loss. What's twenty thousand? It just came at a bad time, that's all. But I can't go now—with him gone. I'll have to stick to the job. . . . Oh, Crystal. . . . if I didn't have you to talk to, I'd go mad!"

"You'll always have me, dear," she murmured, but she was nervous. She thought she heard foot-steps outside the door.

Old Mr. Greely was sitting up in his great walnut bed, with the pillows tucked around him. Winty sunshine trickled through the red rep curtains at the long windows, made ruby spots on the dark carpet. A beam of light fell on his face, thinner and more hawk-like than ever, and Daphne rose from her chair beside the bed, and drew the curtain.

"Is that better?" she asked. "His bright old eyes seemed a little more sunken, a little more remote under the thatch of bushy gray eyebrows, but he was little changed. His long siege of illness had left no mark upon him."

The door opened, and plump little Mrs. Colby came tiptoeing in, with his medicine in a glass. She was wearing the inevitable gray silk, and a starched white apron, that ended in a bow, and long streamers behind her back. "Mercy! It's cold in here. Are you sure you don't want a fire? The furnace is so weak. . . . drink your medicine, John. . . . all of it. . . . I declare I wish we'd kept the nurse. I don't see why you didn't like her."

"Had a voice like a saw!"

Better Take a Taxi

"I never was so mortified!" exclaimed Mrs. Averduns.

"Yeah? What happened?" asked her husband.

"I got on a street car today," said the lady of many pounds, "and a rather thin man got up to give me a seat, but as the man next to him wouldn't get up, too, I had to stand and listen to the rest of the passengers in the car snicker."

First European in Alaska?

In 1711, a Cosak, named Popof, visited Alaska. This is the first visit of a European which is recorded.

Historic Mode

The Ramsay house, occupied in Washington's day by his friend, and distant relative, William Ramsay, is the oldest house in Alexandria, Va.

Hard Secret to Keep

They say that the secret of health is in eating onions, but what we want to know is how to keep it a secret.—Urbana Citizen.

Easier to Let Doctor Come

Eat an apple a day; and then spend 20 minutes trying to find a pace in the modern home-hold to chuck the core.—Detroit News.

Belong Together
Learning without politeness makes a disagreeable pedant, and politeness without learning makes a superficial, frivolous puppy.—Chesterfield.

Cactus Not Short Lived
The Saguaro, giant cactus of the Arizona desert, lives to an indefinite age like trees in general. Some of these cacti are certainly more than 100 years old.

Peace Too Dearly Bought
I am a man of peace. God knows how I love peace; but I hope I shall never be such a coward as to mistake oppression for peace.—Kossuth.

Studebaker's world leadership in eight-cylinder sales provides the World's Leading Value in the new

Dictator Eight

ONE HUNDRED AND FIFTEEN (115) INCH WHEELBASE

\$1185
at the factory

The new Dictator Straight Eight now provides the supple smoothness of Studebaker straight eight power, in a motor car of genuine beauty and generous size. . . . and at a price which only the world's largest builder of eights could achieve. No other car provides so fully every fine car quality at so low a price—as its specifications prove to engineer or layman.

115-inch wheelbase.

Straight Eight motor of 221 cubic inch piston displacement. Abundant power, marvelous flexibility and smoothness plus economy which rivals the thriftiest of sixes.

Oil filter, gasoline filter and crankcase ventilating system insure maximum engine efficiency.

Fuel pump insures constant adequate flow of gasoline, regardless of speed or grade.

Thermostatically controlled cooling system retards flow of water until motor has reached precisely correct temperature for highest operating efficiency.

Double-dropt frame of new compound design—far costlier but sturdier, safer and permitting graceful lowness of body lines.

Hydraulic shock absorbers, front and rear. **Genuine mohair upholstery.**

Full-vision, full-ventilated bodies of steel over hardwood foundation—the accepted fine car coachcraft.

One-piece steel core safety steering wheel. **Fully adjustable steering wheel and front seat.**

Amplified-action 4-wheel brakes which stop The Dictator Eight in half the distance accepted as standard.

Tarnish-proof chromium plating of all exterior brightwork.

Coincidental lock to ignition and steering assures Dictator Eight owners lowest theft insurance rates.

Non-shatterable safety windshield.

The Dictator Eight may be driven 40 miles per hour the day it is delivered—the result of advanced engineering, precision workmanship and careful inspection.

GOLF TOURNEY JULY FOURTH

18 Hole Medal Play Handicap
For Cryder Memorial
Masbie Arranged.

The Pickaway Country club grounds are being carefully groomed for the Fourth of July golf tournament that will be played there during the day. The Sennett Cryder Memorial Masbie will be the trophy played for and the play will start at 8:00 a. m.

The match will be 18 hole medal play handicap, and is open to all members of the club. The winner will have his name engraved on the trophy which hangs in the club house.

Members who have not completed at least two rounds of 18 holes are asked to do so at once so that the committee may rate everyone for a handicap.

In addition to the tournament for the men, there will be picnics held on the grounds.

General Electric refrigerators are sold in Circleville by Mason Bros. and you'll know why they are used by more people when you read their ad on Page 8 of this issue.

THEATRES

MYSTERY THRILLER

Good cinema mystery thrillers are rare, and when they are good they are about as fine entertainment as the screen can offer.

That is why no one with a leaning toward certe entertainments should miss "The House of Horror," First National attraction at the Cliftona theatre.

The picture has more than mystery thrills to offer, however, for it is also a lively comedy, thanks to the efforts of Louise Fazenda and Chester Conklin, the famous funsters at the head of the cast. Love passages of a novel sort are also present, with handsome young James Ford, a leading man never but promising, and Thelma Todd, a blonde purveyor of pulchritude who holds the eye and the imagination, in the lovers' roles.

William V. Mong, William Orlamond, Emile Chautard, Dale Fuller, Tenen Holtz and other well-known character artists in grotesque makeups, terrorize the lovers and the comedy leads and weave the sinister part of the mystery plot.

ROMANCE OF THE SEA

Victor McLaglen and Louise Brooks will be starred at the Grand theater tonight in "A Girl in Every Port," the glamorous adventures of a roving Lothario who fought and loved his way through the ports of the seven seas. An educational talking comedy and Fox News are also on the program.

"HURRICANE HORSEMAN"

A new fast moving drama of the open spaces will come to the Met theater today and tomorrow when Wally Wales (The Cowboy Prince) is shown in his latest feature "The Hurricane Horseman."

The title implies a picture of fast riding and to the very last bit that is what it is.

The hero rides into town to find that his brother was discovered bending over the body of the cashier of the local bank who had been murdered while defending the bank against robbery. Jim's brother is accused and flees. Wallie rides after him and turns him over to the sheriff who will prevent any action being taken before Wallie has a chance to prove his brother's innocence.

Wally then takes a job at a ranch in order to keep his eye on someone whose actions under certain circumstances have been peculiar.

The ending needs to be seen and the picture certainly ought to provide an exciting evening's entertainment.

Of Spanish Origin

The name "Savannah" is derived from the Spanish word "savanna," meaning "great plain."

WOMEN DIE IN FIRE

BERLIN, June 27—Eight women workers were burned to death and 15 were severely injured in an explosion and fire in a rubber factory at Pressburg, Czechoslovakia, today.

Henpecked Man Calls for World's Sympathy

I often think of the last czar of Russia. He was the ruler of a great country, with royal blood in his veins, and the owner of possibly the world's greatest collection of crowns, jewels, vestments and the like. His subjects pretended to love him, and reverently called him the Little Father. At a given moment, great hordes of men sprang to arms. Yet one night some men took him to a dirty cellar and beat him to death, together with his wife and children. . . . I didn't know it for years, but I was always better off than the czar. . . . His main trouble was dreadfully common place; he was henpecked. So far as I am able to make out, from the records, his wife was one of those good women who, without the slightest evidence, believe in signs, omens, dreams, and find the truth shocking. . . . The rule is to laugh at a henpecked man. We should, instead, go to his rescue. I know henpecked men who are being as cruelly wronged as a man seized by bandits.—E. W. Howe's Monthly.

True Optimism

Another good recipe for happiness for the average family is to think that a pot roast is every bit as good as a tenderloin one. If not better.—Ohio State Journal.

SPANIARD AND GERMAN WILL FIGHT TONIGHT

Charity Bout Liable To Be Won By Either of Championship Contenders.

By Davis J. Walsh.
I. N. S. Sports Editor.

NEW YORK, June 27 — With out the tiny acorns of this world the great oak simply could not be and so it will be tonight at the Yankee stadium where the heavy-weight division will plant its family tree for a new line of champions with a 15 round fight between Paulino Uzcudun, the Spaniard, and Max Schmeling, of Germany.

The old line, of course, is dead. It died with Tunney, who may or may not be even a good guy to die with but, anyhow, the moment that a Spaniard goes in there with a German in a major heavyweight fight quite evidently marks the death of the old and the birth of the new. It fairly mocks the

memory of John L. Corbett, Jeffries, Dempsey, Tunney and others who made the American heavy-weight the greatest of all fighters. The winner tonight won't acquire the title, purse. He will have to go on to a September meeting with Jack Sharkey and perhaps an ultimate fight with Dempsey himself but, if a man is a coming champion and knows it, all he asks is the right to bash the nearest contender. Dempsey had to lick Fulton before he could get Willard.

CAME AS CHUMPS
No doubt Paulino and Schmeling feel likewise. They came to this country as chumps but today they have the eyes of the world upon them and thousands clamoring for choice seats, so good are they.

Schmeling has been unbeaten in America and probably has the greatest punch in all the world today. Paulino has lost some fights here in the last two years but is tougher than the street below the gas house and nobody ever has played him for a sap.

They are a pair who ought to draw something beside attention but the fight isn't a sell out and won't be. Present indications are that a crowd of 45,000 and a gate of \$400,000 will give everybody a break. The promoters, laboring only in the laudable interest of the charitable milk fund, had visions

of a million dollar sale when they first made the match but they admit now that they blew their chances when they priced the so-called "patrons ringside" seats at \$50.

FINISH TRAINING
However, the charity will make money, as it always does. So will the fighters, this thought being inserted for no other reason than to allay the fears of those who no doubt were distressed about that point. Each will get about \$70,000.

They have finished their training, Schmeling at Lakewood, N. J. Paulino at Hoosick Falls, N. Y., and will start early for the scene of their duello.

Paulino will come to the weighing at 2 o'clock by airplane from Albany, an innovation, indeed. Mr. Tunney used to keep his engagements that way but he mustn't be confused with the fighter fellow of the same name. Herr Schmeling will be content to approach in a motor car.

His appearance on the scales may serve to change the odds which have hovered around even money for a week, the guess-your-weight addicts having placed his poundage anywhere between 178 and 187. Paulino probably will Fairbank the situation around 193.

It happens to be one of those fights in which one can call his shots with frightful perfection, as we say at the horse trough. Nobody knows whether Paulino is as tough as they think he is since going ten rounds with Godfrey; nobody knows whether Schmeling is going to win with his punch or lose with his chin.

ANYONE'S FIGHT
He looked as though he might do both in the Risko meeting. He finally won with the fist for the only knockout of Risko's career, a circumstance that made Schmeling a national figure over night. Previously he had won in American rings from Joe Monte, Joe Sekyra and Pietro Corri. None of them would belong in there tonight, so these victories aren't worth considering. I'm sorry I can't say the same for the knockouts Schmeling sustained abroad at the hands of Larry Gaines, Cypsy Daniels and a guy by the name of Diekmann.

Paulino may not be the greatest fighter in history but he never was knocked by chumps like these. In fact, he never has been knocked by anybody and he has met some good ones in Heeney, Risko, Godfrey and others.

All in all, you can write your own ticket on this one and be careful not to use indelible lead.

Time Brings Changes
Jid. Tunkins says one of the things that make him laugh is to hear his grandmother tell how she used to hide Goldsmith's "Vicar of Wakefield" because her parents disapproved of love stories—Washington Star.

GAMES TONIGHT
C. A. C. vs. Eveland's Nine, Utilities Park.
Ohio Utilities vs. Motors Transport, Mason's Park.

Circleville Merchants shoved Pettit Tires into last place Wednesday when they went on a scoring rampage, defeating Pettits 16 to 6. Merchants took the lead in the second inning, scoring five runs on one hit, three errors, two walks and a sacrifice. They continued scoring throughout game, netting five more again in fourth inning. Merchants collected 13 hits while 5 was the best Pettits could get off the offering of Crum.

The game was full of errors mostly on the part of Pettit Tires.

OHIO MAN NOW 100 PER CENT BETTER SINCE TAKING HOYT'S

Mr. George Green Praises Hoyt's Compound—Calls It Greatest Ever.

"I feel 100% BETTER since taking Hoyt's Compound," declared Mr. G. Green, 215 W. High St., Bellefontaine, Ohio, recently while in conversation concerning the Hoyt Compound which is the great natural medicine now being explained daily at Wilder's Drug Store, Circleville, O.

He says: "I had gotten to be a great victim of the stomach and kidney trouble," said Mr. Green. "And for over three years I didn't know what it was to feel right, also was constipated and troubled with a torpid liver which caused me to become worn out and tired and my deranged kidneys broke my rest so much at night that I never felt like doing a day's work. The liver trouble caused my complexion to have a funny color. The gas which formed on my stomach made it simply impossible for me to eat regular or eat the things I liked. Many times I was forced to lay off work because of these afflictions and also from headaches and dizzy spells which were brought on from constipation. I would take oils and salts and other medicines and get relief for a day or so only to get back in the same condition the next day. When my friends kept endorsing this Hoyt's I decided to try it and now I am glad that I did for it has certainly helped me. It has regulated my bowels and made their movement pleasant, and this in turn has eliminated those dizzy spells and headaches and I eat regular and eat the things I like and I never have any more kidney trouble. I am now able to get my proper rest at night and my complexion is regaining its healthy color. I am more than glad to recommend this Hoyt's Compound to other sufferers as being the greatest medicine ever. In summing it all up I have come to one conclusion and that is, that since taking Hoyt's Compound I now feel 100% BETTER.

Hoyt's Compound is strongly recommended by Wilder's Drug Store, Circleville. Also for sale by all live druggists everywhere.

COLAS WIN AGAIN
Coca Cola defeated Lutheran Brotherhood by score of 7 to 4 Wednesday. Brotherhood took a commanding lead in first inning by score of 4 to 0 but the Coca eventually overcame the league to nng up their fifth win. They now are in second place by a comfortable margin.

Religious Reminder
The emblem placed on the door post of an orthodox Jewish home which the guests touch when they enter is called "mezuzah." It literally means "door post." It is placed there in fulfillment of the command in the fifth book of Moses. "And thou shalt write them upon the door posts of thy house and upon thy gates." The emblem contains a small piece of parchment or paper on which is written by hand the above quoted passage and others to remind Jews of duties toward their religion.

SPANIARD AND GERMAN WILL FIGHT TONIGHT

Charity Bout Liable To Be Won By Either of Championship Contenders.

By Davis J. Walsh.
I. N. S. Sports Editor.

NEW YORK, June 27 — With out the tiny acorns of this world the great oak simply could not be and so it will be tonight at the Yankee stadium where the heavy-weight division will plant its family tree for a new line of champions with a 15 round fight between Paulino Uzcudun, the Spaniard, and Max Schmeling, of Germany.

The old line, of course, is dead. It died with Tunney, who may or may not be even a good guy to die with but, anyhow, the moment that a Spaniard goes in there with a German in a major heavy-weight fight quite evidently marks the death of the old and the birth of the new. It fairly mocks the

memory of John L. Corbett, Jeffries, Dempsey, Tunney and others who made the American heavy-weight the greatest of all fighters.

The winner tonight won't acquire the title, purse. He will have to go on to a September meeting with Jack Sharkey and perhaps an ultimate fight with Dempsey himself but, if a man is a coming champion and knows it, all he asks is the right to bash the nearest contender. Dempsey had to lick Fulton before he could get Willard.

CAME AS CHUMPS

No doubt Paulino and Schmeling feel likewise. They came to this country as chumps but today they have the eyes of the world upon them and thousands clamoring for choice seats, so good are they.

Schmeling has been unbeaten in America and probably has the greatest punch in all the world today. Paulino has lost some fights here in the last two years but he is tougher than the street below the gas house and nobody ever has played him for a sap.

They are a pair who ought to draw something beside attention but the fight isn't a sell out and won't be. Present indications are that a crowd of 45,000 and a gate of \$400,000 will give everybody a break. The promoters, laboring only in the laudable interest of the charitable milk fund, had visions

of a million dollar sale when they first made the match but they admit now that they blew their chances when they priced the so-called "patrons ringside" seats at \$50.

FINISH TRAINING

However, the charity will make money, as it always does. So will the fighters, this thought being inserted for no other reason than to allay the fears of those who no doubt were distressed about that point. Each will get about \$70,000.

They have finished their training, Schmeling at Lakewood, N. J. Paulino at Hoosick Falls, N. Y., and will start early for the scene of their duello.

Paulino will come to the weighing at 2 o'clock by airplane from Albany, an innovation, indeed. Mr. Tunney used to keep his engagements that way but he mustn't be confused with the fighter fellow of the same name. Herr Schmeling will be content to approach in a motor car.

His appearance on the scales may serve to change the odds which have hovered around even money for a week, the guess-your-weight addicts having placed his poundage anywhere between 178 and 187. Paulino probably will fairbank the situation around 193.

It happens to be one of those fights in which one can call his shots with frightful perfection, as we say at the horse trough. Nobody knows whether Paulino is as tough as they think he is since going ten rounds with Godfrey; nobody knows whether Schmeling is going to win with his punch or lose with his chin.

ANYONE'S FIGHT

He looked as though he might do both in the Risko meeting. He finally won with the fist for the only knockout of Risko's career, a circumstance that made Schmeling a national figure over night. Previously he had won in American rings from Joe Monte, Joe Sekyra and Pietro Corri. None of them would belong in there tonight, so these victories aren't worth considering. I'm sorry I can't say the same for the knockouts Schmeling sustained abroad at the hands of Larry Gaines, Gypsy Daniels and a guy by the name of Diekman.

Paulino may not be the greatest fighter in history but he never was knocked by chumps like these. In fact, he never has been knocked by anybody and he has met some good ones in Heeney, Risko, Godfrey and others.

All in all, you can write your own ticket on this one and be careful not to use indelible lead.

Time Brings Changes

Jack Tunkins says one of the things that make him tough is to hear his grandmother tell how she used to hide Goldsmith's "Victor of Wakefield," because her parents disapproved of love stories—Washington Star.

GAMES TONIGHT

C. A. C. vs. Eveland's Nine, Utilities Park.
Ohio Utilities vs. Motors Transport, Mason's Park.

Circleville Merchants shoved Pettit Tires into last place Wednesday when they went on a scoring rampage, defeating Pettits 16 to 6. Merchants took the lead in the second inning, scoring five runs on one hit, three errors, two walks and a sacrifice. They continued scoring throughout game, netting five more again in fourth inning. Merchants collected 13 hits while 5 was the best Pettits could get off the offering of Crum.

The game was full of errors mostly on the part of Pettit Tires.

OHIO MAN NOW 100 PER CENT BETTER SINCE TAKING HOYT'S

Mr. George Green Praises Hoyt's Compound—Calls It Greatest Ever.

"I feel 100% BETTER since taking Hoyt's Compound," declared Mr. G. Green, 215 W. High St., Bellefontaine, Ohio, recently while in conversation concerning the Hoyt Compound which is the great natural medicine now being explained daily at Wilder's Drug Store, Circleville, O.

He says: "I had gotten to be a great victim of the stomach and kidney trouble," said Mr. Green. "And for over three years I didn't know what it was to feel right, also was constipated and troubled with a torpid liver which caused me to become worn out and tired and my deranged kidneys broke my rest so much at night that I never felt like doing a day's work. The liver trouble caused my complexion to have a funny color. The gas which formed on my stomach made it simply impossible for me to eat regular or eat the things I liked. Many times I was forced to lay off work because of these afflictions and also from headaches and dizzy spells which were brought on from constipation. I would take oils and salts and other medicines and get relief for a day or so only to get back in the same condition the next day. When my friends kept endorsing this Hoyt's I decided to try it and now I am glad that I did for it has certainly helped me. It has regulated my bowels and made their movement pleasant, and this in turn has eliminated those dizzy spells and headaches and I eat regular and eat the things I like and I never have any more kidney trouble. I am now able to get my proper rest at night and my complexion is regaining its healthy color. I am more than glad to recommend this Hoyt's Compound to other sufferers as being the greatest medicine ever. In summing it all up I have come to one conclusion and that is, that since taking Hoyt's Compound I now feel 100% BETTER.

Hoyt's Compound is strongly recommended by Wilder's Drug Store, Circleville. Also for sale by all live druggists everywhere.

Robert Fulton Might Have Saved Napoleon
Although the trip of Fulton's Clermont from New York to Albany in 1807 marked the beginning of the first regular steamboat service, it was not, as many believe, the first practical demonstration of the steamboat. The American inventor propelled an earlier boat on the river Seine in Paris four years earlier.

No good American can look upon the Seine without thinking of that August 9, 1803, when its banks were black with spectators watching the young American dreamer making the first trip ever made in a steamboat. For four hours the strange craft puffed and belched along the stream. And so Paris and the world became acquainted with Robert Fulton.

Napoleon had said of Paul Jones that if he had lived France would have had an admiral. But had he only been able to give closer consideration to two propositions which Fulton put before him—that of transporting troops by steam across the British channel, accompanied by submarine torpedo boats, which he had already brought to a state of considerable efficiency—there might have been no St. Helena,—Rochester Le Gallienne in Harper's Magazine.

LEGAL NOTICES

LEGAL NOTICE

COMMON PLEAS COURT, PICKAWAY COUNTY, OHIO

Clara Spangler, Plaintiff, vs. John Dittman, Anna Lauer, Edward B. Hartz, Josephine Hinkle, and Ida B. Moore, residing at Paola, Kansas and Frelson Moore, whose residence is unknown, will take notice that on the 16th day of May, 1929, Clara Spangler filed her petition in the Common Pleas Court of Pickaway County, Ohio, in Case No. 15,968 against the above named parties, praying for partition of the real estate hereinafter described to-wit:

Situated in the County of Pickaway, in the State of Ohio and in the Township of Madison and bounded and described as follows: Known and distinguished by being the North-east quarter of Section No. 25, Township No. 16, Range No. 21, EXCEPT six acres in the southwest corner of said quarter section heretofore conveyed by Daniel Glick to Jackson, also 15-CEPT one acre and sixteen rods in the northeast corner of said quarter section heretofore conveyed by Isaac Bowsher to Daniel Garlin. The said tract herein conveyed containing one hundred and fifty-five (155) acres of land, more or less.

Also the following described tract of land being known as the East half of the North-west quarter of the aforesaid Section No. 25, Township No. 16, Range No. 21, EXCEPT six acres in the south west corner of said East half of said north-west quarter of Section No. 25, Township No. 16, Range No. 21. The last tract herein conveyed containing sixty acres of land more or less.

Said parties are required to answer on or before the 13th day of July, 1929.

FRED P. GRINER, Attorney for Plaintiff, Clara Spangler.

FIVE PERSONS RECEIVE CUTS IN COLLISIONS

(Continued from Page One)

cut to the bone, three arteries being severed, and the loss of the arm is considered probable. Her husband and daughter, Vrina, 18, escaped with minor cuts and bruises.

Mrs. Milo Carmean and Mrs. L. E. Sims, of Kingston, sister and mother of Nolan Sims, of Circleville, had a narrow escape from death Wednesday noon when the steering gear on the automobile broke as they were on their way to Portsmouth. The accident occurred on the Richmondale detour at the Kilgore bridge.

AUTO DEMOLISHED
The auto struck the bridge and would have toppled over if men working nearby had not climbed on the inside running board to hold its balance until it was pulled back on the highway. Mrs. Carmean and Mrs. Sims were painfully cut and bruised by shattered glass and were returned to their home in Kingston after their injuries were dressed at Chillicothe. The car, a Ford sedan, was so badly wrecked it was abandoned.

Chester Hill, an employee of the Harden-Stevens garage, who resides on E. Franklin-st. and Herbert Norman, Lancaster, were severely cut and bruised late Wednesday night when their autos collided on a bend in the Ringgold-pk near Ringgold. Hill was the more severely injured, his right arm and right leg sustaining deep cuts. The wrecked cars were brought into the Dawson garage in Circleville.

SANE HEALTH CHANCE FOR ALL CHILDREN

Dr. Copeland Sees No Reason Why President Hoover's Suggested "Child's Bill of Rights" Should Not Be Enforced.

By ROYAL S. COPELAND, M. D.
United States Senator from New York.
Former Commissioner of Health, New York City.

PRESIDENT HOOVER has issued what might be called "The Child's Bill of Rights." I quote it here:

"The ideal to which we should strive is that there shall be no child in America:

DR. COPELAND

"That has not been born under proper conditions;

"That does not live in hygienic surroundings;

"That ever suffers from undernourishment;

"That does not have prompt and efficient medical attention and inspection;

"That does not receive primary instruction in the elements of hygiene and good health;

"That has not the complete birthright of a sound mind in a sound body;

"That has not the encouragement to express in fullest measure the spirit within which is the final endowment of every human being."

Let us for a moment think about this "bill of rights." It asks nothing that should not be the aim of all parents and expectant parents for their children. It insures for the child fortunate enough to be so endowed, an equal or more than equal chance to meet the problems of life.

What does it mean to be born under proper conditions? What are these conditions? Healthy parents is the first essential. A home founded on right living, right thinking, respect for society—this is important.

To live in hygienic surroundings—this is not an unfair demand, no matter what the wealth of the family may be. A home can be clean, the children clean—this should be the rule anyhow. Sunshine and fresh air are important.

In order not to suffer from undernourishment the food may be plain, but it must be nourishing. Today no child need be without those essentials of food which make for sturdy growth and a strong body. This should be the heritage of every youngster.

To have prompt and efficient medical care and medical inspection is the next requirement. There was a time when complete examinations and treatment were only within the reach of the favored few. Today, fortunately, this is not the case. For those who have no means to employ physicians the endowment of great funds for child welfare, the child health clinics, under the supervision of the health departments of all the big cities and the local hospital clinics, insure proper care for every man, woman and child.

There is no reason why the bill of rights should not be enforced for every child. We are happy it is so.

Answers to Health Queries
C. W. H. Q.—What can be done for itching? I am a man seventy years of age and this occurs in cold weather.

A.—This condition may be due to constipation, auto-intoxication, intestinal disturbance, poor nutrition, overeating or to some food poisoning.

L. M. C. Q.—What causes large spots of the skin to remain unhealed?

A.—This condition is due to loss of pigment and there is nothing that can be done, unless you stop the spots in order to make them less noticeable.

ERNEST L. Q.—What causes premature graying and what can be done for it?

A.—This condition is probably due to hyperacidity, an acid condition of the stomach. This can be corrected by proper diet.

The Convenient Way to Make Money Work for You

1.—Premature grayness may be due to serious illness, heredity or a sudden shock. There is really nothing that can be done other than keeping the scalp and hair in perfect condition all the time. A stimulating ointment is recommended.

M. F. Q.—What do you advise for a fallen stomach. I am 58 years of age and suffer with terrible gases?

2.—What will clear up head noises and buzzing in the ears?

A.—A properly fitted abdominal support together with careful diet and general care should bring about improvement.

3.—This may be due to nasal catarrh, to nervousness or to abnormal blood pressure. Examination should locate the exact cause and then proper treatment can be advised. In the meantime keep the nose and throat clean.

MISS R. S. Q.—What can be done for pimples?

2.—What can be done for a running nose? I always seem to have a cold.

3.—What causes excessive perspiration?

A.—The diet must be corrected, avoiding too much sugar, starch or coffee. Eat only simple food. Constipation should be corrected.

2.—You may be troubled with nasal catarrh. For details send a self-addressed, stamped envelope and repeat your question.

3.—This is due to nerve stimulation. After bathing use a solution of alum, two drachms to a pint of water. This should help the condition. You should have treatment for the nervousness.

E. F. P. Q.—What causes pimples on my tongue which smart and burn?

A.—This condition is probably due to hyperacidity, an acid condition of the stomach. This can be corrected by proper diet.

Although the trip of Fulton's Clermont from New York to Albany in 1897 marked the beginning of the first regular steamboat service. It was not, as many believe, the first practical demonstration of the steamboat. The American inventor propelled an earlier boat on the River Seine in Paris four years earlier.

No good American can look upon the same without thinking of that August 8, 1897, when its banks were black with spectators watching the young American dreamer bring the first trip ever made in steamboat. For four hours the strange craft puffed and belched along the stream. And so Paris and the world became acquainted with Robert Fulton.

Napoleon had said of Paul Jones that if he had lived France would have had an admiral. But had he only been able to give closer consideration to two propositions which Fulton put before him—that of transporting troops by steam across the British channel, accompanied by submarine torpedo boats, which he had already brought to a state of considerable efficiency—there might have been no St. Helena—Napoleon Le Gallienne in Harper's Magazine.

FIVE PERSONS RECEIVE CUTS IN COLLISIONS

(Continued from Page One)
cut to the bone, three arteries being severed and the loss of the arm is considered probable. Her husband and daughter, Vrina, 18, escaped with minor cuts and bruises.

Mrs. Milo Carmean and Mrs. L. E. Sims, of Kingston, sister and mother of Nolan Sims, of Circleville, had a narrow escape from death Wednesday noon when the steering gear on the automobile broke as they were on their way to Portsmouth. The accident occurred on the Richmondale detour at the Kilgore bridge.

AUTO DEMOLISHED

The auto struck the bridge and would have toppled over if men working nearby had not climbed on the inside running board to hold its balance until it was pulled back on the highway. Mrs. Carmean and Mrs. Sims were painfully cut and bruised by shattered glass and were returned to their home in Kingston after their injuries were dressed at Chillicothe. The car, a Ford sedan, was so badly wrecked it was abandoned.

Chester Hill, an employee of the Harden-Stevenson garage, who resides on E. Franklin-st, and Herbert Norman, Lancaster, were severely cut and bruised late Wednesday night when their auto collided on a bend in the Ringgold-pk near Ringgold. Hill was the more severely injured, his right arm and right leg sustaining deep cuts. The wrecked cars were brought into the Dawson garage in Circleville.

SANE HEALTH CHANCE FOR ALL CHILDREN

Dr. Copeland Sees No Reason Why President Hoover's Suggested "Child's Bill of Rights" Should Not Be Enforced.

By ROYAL S. COPELAND, M. D.
United States Senator from New York.
Former Commissioner of Health, New York City.

PRESIDENT HOOVER has issued what might be called "The Child's Bill of Rights." I quote it here:

"The ideal to which we should strive is that there shall be no child in America:

"That has not been born under proper conditions;
"That does not live in hygienic surroundings;
"That ever suffers from undernourishment;
"That does not have prompt and efficient medical attention and inspection;
"That does not receive primary instruction in the elements of hygiene and good health;
"That has not the complete birthright of a sound mind in a sound body;
"That has not the encouragement to express in fullest measure the spirit within which is the final endowment of every human being."

Let us for a moment think about this "bill of rights." It asks nothing that should not be the aim of all parents and expectant parents for their children. It insures for the child fortunate enough to be so endowed, an equal or more than equal chance to meet the problems of life.

What does it mean to be born under proper conditions? What are these conditions? Healthy parents is the first essential. A home founded on right living, right thinking, respect for society—this is important.

To live in hygienic surroundings—this is not an unfair demand, no matter what the wealth of the family may be. A home can be clean, clear, bright, cheerful, and sunny and fresh air is important.

In order not to suffer from undernourishment the food may be plain, but it must be nourishing. Today no child need be without those essentials of food which make for sturdy growth and a strong body. This should be the heritage of every youngster.

To have prompt and efficient medical care and medical inspection is the next requirement. There was a time when complete examinations and treatment were only within the reach of the favored few. Today, fortunately, this is not the case. For those who have no means to employ physicians the endowment of great funds for child welfare, the child health clinics, under the supervision of the health departments of all the big cities and the local hospitals, insure proper care for every man, woman and child.

There is no reason why the bill of rights should not be enforced for every child. We are happy it is so.

PLAN FLOWER MISSION DAY

The Local W. C. T. U. have planned their annual Flower Mission Day for Friday, June 28, at the Home and Hospital. It will be an all day meeting and at noon a covered dish dinner will be served. Each member is asked to bring a covered dish, a few sandwiches, a plate, cup, fork and spoon. All members are reminded of this day, and anyone interested is welcome.

ENTERTAINS CLUB WEDNESDAY NIGHT

Mrs. William J. Robinson of E. Main-st., entertained her 500 club Wednesday night at her home. The usual club members were present to enjoy the pleasant evening together, at progressive five hundred. At a late hour the hostess served elaborate refreshments.

PAST CHIEFS' ENJOY INDOOR PICNIC

The annual picnic of the Past Chiefs' club of the 11th district, which was to have been held out of doors, was spread on tables in the Pythian Temple at Williamsport Wednesday. The fact that the place had to be changed to indoors, did not detract in any way from the jolly day that was so

thoroughly enjoyed by more than 50 district members. These were past Chiefs and Pythian Sisters and their families.

The picnic dinner at noon included everything that could be thought of by the 50 guests, and occupied more than an hour. Each temple with guests present, had been asked to prepare and present a stunt. Circleville's contribution under the direction of Mrs. Loring Evans was called "Boom" and created quite a stir of amusement.

At the business meeting Mrs. Russel Cryder of Adelphi, was appointed president of the Past Chiefs' club of district No. 11, and Mrs. Lulu Marion of Circleville was named secretary. The annual picnic next year will be held at Jeffersonville.

Those from Circleville who enjoyed the all day event were Mrs. Lulu Marion, Mrs. Edith Marion, Miss Catherine Marion, Mrs. Nettie Leist, Mr. and Mrs. Snow Dreisbach and family, Miss Nellie Bolender, Mrs. Nannie Nicholas, Mrs. Frances Evans and children and Mr. T. J. Morris.

LADIES' AID ON THURSDAY

The Ladies' Aid society of the United Brethren church will meet Thursday afternoon at the community house at 2 o'clock. In the evening there will be an intermediate social for the younger members of the church.

MRS. CRUMPLER IS HONORED

For the pleasure of Mrs. Clarence Crumpler of Danville, Va., Mrs. Harry D. Jackson, of N. Scioto-st. entertained her bridge club members Tuesday morning at 10 o'clock. Luncheon was served at noon at the small tables. The hostess gave Mrs. Crumpler a gift prize, and Mrs. Turney Weldon received the prize for high score among the club members.

COMMENCEMENT DANCE PLANNED FOR FRIDAY

The annual commencement dance, one of the largest of the year will be an event of Friday evening, June 28. As is the custom it will be staged in the Circleville Athletic club gymnasium which has been gaily decorated for the occasion. It has always been what is provincially known as a formal-informal occasion, which means that the guests may use their own pleasure as to dress. For this dance a number of invitations were issued, but mostly to those who should not ordi-

narily hear of the dance elsewhere, and who are urged to attend. Everyone is invited to attend and join the graduates in their one big social affair of the year. The Parker-Jones orchestra from Columbus will furnish the last word in dance music. This aggregation has won an enviable reputation, and has broadcasted frequently over the radio.

Members of the graduating class who are sponsoring the dance are Elliott Barnhill, Evan Phillips, Joe Barnes, Helen Crist, Virginia Given, Martha Mary Wolfe, Minnie Lyle, and Mary Neff. The dance will begin at 9 o'clock and continue until one. One of the features of the evening will be the grand march which will start about 10:15, and will be led by one of the old graduates of Everts high school.

PLAN REUNION OF CHILDREN'S HOME

The Pickaway County Children's Home reunion will be held Sunday, June 30, at the country home of Mr. and Mrs. G. W. Runkle near St. Paul. All children and families who were in any way connected with the Children's Home at the time during which Mr. Runkle and Mrs. Runkle were superintendent and matron of the home are cordially invited. A basket dinner will be served at noon, and a committee has made plans for a program and stunts as entertainment. Mr. and Mrs. Runkle extend this invitation to all who in any way were interested in the Home when they were there.

RETURNS FROM CONFERENCE

Mrs. Clark Hunsicker returned Wednesday night from Wooster where she has been attending the Joint Conference of the Synod of Ohio and of the Women's Synodical Missionary society. Mrs. Hunsicker reports a large attendance and a very fine program.

OUT-OF-TOWN GUESTS AT LUNCHEON

Guests were present from Circleville, Canton, Mt. Sterling, Chillicothe, Kingston, Williamsport and Columbus Wednesday at noon, at one of the month's outstanding social events, the luncheon at which Mrs. Ella Hornbeck and Mrs. Henry Mader were hostesses. Twenty-eight guests were invited to share the pleasure of the affair, where the loveliest of vari-colored sweet peas intermingled with baby breath were used for center bouquets on the seven tables.

Mrs. Wallace Crist assisted the hostesses in entertaining. The guests include, Mrs. George Hammet, Mrs. John Bennett, Mrs. William Ullm, Mrs. E. S. Neuding, Mrs. Jane Bell, Mrs. E. C. Rector and Miss Emma Mader and Miss Laura Mader of Circleville; Mrs. G. P. Hunsicker, Mrs. Jennie Tipton and Mrs. John Hunsicker of

Manages Air Races and Big Air Show

Clifford Henderson

Clifford Henderson is getting together for Cleveland, O., the greatest air event in the history of aviation. He is the managing director of the 1929 National Air Races and Aeronautical Exposition to be held in Cleveland, August 24 to September 2.

Henderson, himself a pilot, was in charge of the national air races at Los Angeles last year. He says his program for 1929 already assures the Ohio metropolis of a record breaking set of events.

He has booked seven air derbies from various parts of the country to terminate at Cleveland race week. The most novel of these is an air derby for women from Santa Monica, Cal. Scores of races for aircraft will be on the program at the Cleveland airport.

The aeronautical exposition will occupy 200,000 square feet of space in Cleveland's Public Auditorium, with displays of the newest types of airships, their equipment and accessories. It will reflect the greatest progress made in aviation.

The races and exposition will make Cleveland the capital of the aviation world, for it will attract the world's leading pilots as well as the leaders in the industry which annually is expending millions and millions of dollars.

It is estimated that 300,000 or more people, probably largely from the middle west, will be in Cleveland for the big aviation events.

Thousands of dollars will be awarded in prizes to derby and race winners.

Williamsport: Mrs. Price, Ashbrook, Mrs. C. Z. Erdman, Mrs. Howard Harmon, Mrs. Howard Harmon, Jr., Mrs. Mary Harmon, Mrs. C. Metzger, Mrs. Frank Gibbs and Miss Amelia Sulzbacher all of Chillicothe; Mrs. Elizabeth Orr of Kingston; Mrs. Lida Layton, Mrs. Belle Cook and Mrs. Beulah Koch, of Columbus, and Mrs. John Zahn, Mrs. Margaret Dick, Mrs. Blanche Weldinger, Mrs. Belle Carter, of Mt. Sterling, and Mrs. Laied Reunehner of Canton, O.

PLAN SALE OF PICNIC ARTICLES

The Women's Foreign Missionary society of the First M. E. church will hold a market Wednesday, July 3rd, in the basement of the church. The market will open at 10 a. m. Dressed young chickens and everything suitable for the Fourth of July picnic will be on sale.

Mr. and Mrs. Harry Moore were visitors in Dayton Sunday.

A RECORD!

250,000 USERS AND
NOT A DOLLAR SPENT
FOR REPAIRS

Be sure to listen in on the General Electric Hour broadcast every Saturday evening from 8 to 9 Eastern Standard Time over the N. B. C. network of forty-two stations.

If you want a refrigerator on which you can depend—one that operates without oiling, without need of costly repairs, the General Electric Refrigerator will be your choice. Such service is not merely promised—it is guaranteed. Among the 250,000 users of General Electric Refrigerators, not one has ever spent a dollar for repairs or service.

The General Electric Refrigerator keeps food always safely below the 50 degree danger point. In operation it is quiet, automatic, economic. Its hermetically sealed mechanism is dust-proof, permanently oiled and placed up on top. Its all-steel cabinet is warp-proof. It has an easily accessible temperature control for governing the speed of freezing ice cubes or frozen desserts.

See the new all-steel models at our display rooms and let us tell you of an easy payment plan. Prices are low, starting with \$215 at the factory.
